

New York Kinda Christmas

By Ron and Carole Ciancioso

VERSE 1

Sidewalk Santas ringin their bells wishin joy and yuletide cheer
Macy's windows all lit up
Christmas day will soon be here
There's a hustlin' bustlin' feeling
From chinatown to herald square
And the smell of hot pretzels and roastin chestnuts fills the air
It's a ny kinda Xmas
Xmas in NYC
A ny kinda Xmas
The only kind of Xmas for me

VERSE 2

Rockefeller center's glimmering tree shines on the city below
Lovers huddle in the cold, watchin skaters put on a show
From harlem to chelsea it's snowin
Dusting the city with white
Broadway would be the perfect place for a sleigh ride tonight
It's a ny kinda Xmas
Xmas in NYC
A ny kinda Xmas
The only kind of Xmas for me

BRIDGE

Well it isn't the bright lights and tinsel
That make the city glow so radiantly
It's the feeling shared by all of us at Xmas time
Feelings of friendship and harmony

VERSE 3

Silent snowflakes fall to the ground
Gleamin under streetlamp lights
You can hear the hush all over this town on Xmas night
There's hardly any traffic
And the sidewalks seem so bare
Cause we're gatherin round with family and friends to show how much we care
It's a ny kinda Xmas
Xmas in NYC
A ny kinda Xmas
The only kind of Xmas for you and me
