

# Santa Won't You Bring My Baby Back

Music and Lyrics by Carole Cincioso

## VERSE 1

Santa I'm wishin on a Christmas star  
I hope you hear me wherever you are  
I know you must have heard me cryin'  
When the girl I love said goodbye  
Maybe I didn't always treat her right  
But if you bring her home to me tonight  
I'll be extra good to her this year  
Santa, I know you can answer my prayer

## CHORUS

Santa, won't you bring my baby back  
Santa, won't you bring my baby back  
Santa, won't you bring my baby back to me

## VERSE 2

I know you've got so many things to do  
But Santa please, I'm beggin' you  
When you come ridin' in your sleigh  
Pick up my baby along the way  
Tell her I didn't mean to cause her pain  
Let her know I have to hold her close again  
Hurry your reindeer to my door  
Oh Santa, I can't wait no more

## REPEAT CHORUS (TWICE)

*(repeat chorus (twice))*

## BRIDGE

I've been hoping with my all my heart that she'll come home to me  
Santa, I never stopped believin' in you  
I know you're gonna hear my plea - yeah

## INSTRUMENTAL

*(Instrumental break)*

**VERSE 3**

I used to love this time of year  
Now Christmas joy has disappeared  
I can't remember feeling so low  
I've cried enough tears to melt the snow  
Santa, I'm leavin' a light on for you  
Don't forget me whatever you do  
I wanna love her with all of my might  
I'll be listening for sleigh bells tonight

**REPEAT CHORUS AND FADE**

*(repeat chorus and fade)*
