

Roll With Me

Music and Lyrics by Carole and Ron Ciancioso

VERSE 1

Pack your bags, we're getting' outta here
Top rolled down, car's in gear
The sun shines bright
In the velvet sky
You can feel it in the air
The road is calling, we'll make it there
It feels so right
With you by my side

PRE-CHORUS

We'll sing along with the radio
Turn it up, let's go!

CHORUS

And take a ride in my caddy
We'll get lost in Cincinnati
Open road is where we're meant to be
So come on little honey,
Gonna spend all my money
Have some fun yeah, baby roll with me

VERSE 2

Kick your feet up on the dash
We'll drive all night, so we get there fast
The Vegas lights
Light up the strip tonight
Chips are down, let's try our luck
There's no rules so let's live it up
Tonight's the night
So hold on tight

PRE-CHORUS

We'll sing along with the radio
Turn it up, let's go!

CHORUS

And take a ride in my caddy
We'll get lost in Cincinnati
Open road is where we're meant to be
So come on little honey,
Gonna spend all my money
Have some fun yeah, baby roll with me

BRIDGE

With every mile, I feel more alive...
Under moonlit skies and glowing neon signs...

CHORUS

Let's take a ride in my caddy
We'll get lost in Cincinnati
Open road is where we're meant to be
So come on little honey,
Gonna spend all my money
Have some fun yeah, baby roll with me
