

Special Eyes

Music and Lyrics by Ron Ciancioso and Michael Varela

VERSE 1

Woke up this morning I felt real fine
I felt like tarzan swinging on a vine
I sat there listening to the ocean noise
Just contemplating all your love and joys

CHORUS

And we'll go glancing out onto the milky sea
For that one moment of peace I am truly free
'Cause your special eyes, your special eyes are mesmerizing me
Oh, those special eyes, will specialize in me

VERSE 2

Two spanish ladies said gigling softly
Spinning tunes on their strange guitars
Melodic scenes filled us up with passion
Songs of touching moons and of touching stars
And I say espanol' hey rock n roll with me
For that one moment of peace I am truly free
And we turn our sights onto the milky sea
Oh, those special eyes are hyponotizing me

INSTRUMENTAL

(Instrumental break)

VERSE 3

Sweet sultry lady those eyes just floor me
Your golden kisses relect your tender sighs
Your touch moves mountains above the ocean's doorway
And waves of passion fill the raging tide

CHORUS

And we'll go glacing out on the milky sea
For that one moment of peace I can truly see
Those special eyes are mesmerizing me
Oh, those special eyes specialize in me

POST CHORUS

Those eyes will live inside
Will live inside of me
We'll be forever free upon that milky sea
Those special eyes
Those special eyes
Monopolizing me
Oh, those special eyes specialize in me
