

Honey Bees

Music and Lyrics by Ron Ciancioso and Michael Varela

VERSE 1

Honey bees are in the trees
They're the keys to our existence
And you know when the love winds blow
Honey bees are in the distance

CHORUS

So, if love inside is lost
Shake it off and move on
Theres a bright new day that we look upon

VERSE 2

Honey bees recognize its spring
Yeah, they're headed in our direction
And the sweetness in their sting
Fills our hearts up with affection

CHORUS

So, if love inside is lost
Shake it off and move on
Thers a bright new day that we look upon

VERSE 3

From the crib down to the streets
To the flaws of adolescence
Come ourselves now to the goal
That one love is our essence

CHORUS

So, if love inside is lost
Shake it off and move on
Theres a new hope when all of the sweetness is gone

BRIDGE

The lovelights beaming
Theres a buzz through the air
And by the time you stop dreaming
Love will be yours to share

VERSE 4

Honey bees listen to our pleas they're the keys to our religion
Their sweetness grows as they spread their prose
That one love is our vision

REPEAT CHORUS

(repeat chorus)
