

Love & Desire

VERSE 1

You can see it in our faces
 Like a secret we can't hide
 You say we're walking that edge
 Between the wrong and the right
 Your fingers going to places
 Like you're testing every rule
 Is it a crime that I crave
 Every look I get from you?

PRE-CHORUS

Now the days pass quick
 And the night burns slow
 Our bodies draw closer yeah
 To where we're not supposed to go

CHORUS

Love and desire
 Playin' with fire
 Are we gonna get burned again
 Or do we take this even higher
 Love and desire
 Playin' with fire
 Are we sinners
 Or just wired this way, my dear

VERSE 2

You say the time ain't right
 But your body says so much more
 Resist then letting go
 But our hearts just can't be sure
 The way you whisper my name
 Feels like somehow we've been warned
 If I fall into your arms
 Tell me How can this be wrong?

PRE-CHORUS

Now the days pass quick
 And the night burns slow
 Our bodies draw closer yeah
 To where we're not supposed to go

CHORUS

Love and desire
 Playin' with fire
 Are we gonna get burned again
 Or do we take this even higher
 Love and desire
 Playin' with fire
 Are we sinners
 Or just wired this way, my dear

BRIDGE

If we're a whispered sin
 In a room of watching eyes
 Would you still pull me in
 Or would you push me aside?
 If we fall, let us fall
 Let us fall we'll take the blame
 All that matters
 Is that you feel the same way

CHORUS

Love and desire
 Playin' with fire
 Are we gonna get burned again
 Or do we take this even higher
 Love and desire
 Playin' with fire
 Are we sinners
 Or just wired this way, my dear

OUTRO

Love and desire
 Feels forbidden
 Love and desire
 But we still give in
